EDEN CE TSA NEWSLETTER

VOLUME 1/ISSUE 1 JULY 2018

Welcome to the first Eden Church of England Teaching School Alliance newsletter. Following our accreditation in June 2017, we have had a very busy year establishing ourselves and putting our systems in place. Eden CE TSA was designated in 2017 with [Baildon CE](#) as the lead school and [All Saints CE Ilkley](#), in its capacity as a National Support School, as a strategic partner. We work with our partners [The Diocese of Leeds](#), [Leeds Trinity University](#) and [Bradford Diocesan Academies Trust](#) to secure high standards, promote high aspirations and, through our achievement and success, enhance life chances for children and young people in Bradford and the surrounding areas.

Michele Robinson, Headteacher at All Saints, Ilkley leads on our ITT offer, Terry Woollin, Headteacher at Low Ash Primary leads on CPLD and Mary Connor, Headteacher at Baildon Church of England leads on School to School Support.

In the course of the year, we have successfully recruited eighteen Specialist Leaders of Education (SLE), delivered Moderation and Shakespeare training and also developed our website www.edentsa.education

We are now taking bookings for more training courses in the new academic year, see below for details.

OUR AIMS AND VALUES

To improve the outcomes and life chances of young people so that they achieve the very best educational outcomes.

To develop a culture of learning in which school leaders and teachers collaborate to share expertise, tackle challenges together and realise their aspirations for themselves and for their pupils.

To take a leading role in the identification and development of leadership opportunities so as to maximise opportunities for all teachers at every stage of their career.

To recruit and train first class new entrants to the profession.

We recognise the need for integrity and transparency in our work and that true collaboration holds these values at its heart.

We believe that strong relationships between people and schools create trust and a willingness to share recognising that we can all learn from working with and through others.

CPLD

We are committed to providing high quality professional pathways for teachers – beginning with ITT and progressing through to NPQH, Executive leadership and to the many leadership roles which continue to evolve in the ever changing educational landscape.

We also recognise the need to grow capacity to develop further CPLD for all staff to support their career pathway. We have identified considerable strengths within our partnership in the delivery of CPLD but will also use a range of other providers to support the delivery of high quality training.

We believe that all teachers deserve access to high quality training and central to our offer is that our training is **‘TRAINING COURSES FOR TEACHERS, BY TEACHERS IN SCHOOLS.’**
